

We've transformed the annual employee engagement survey into an always-on, real-time employee feedback platform that helps you keep your finger on the pulse of your company all year round.

1. Simplify Your Survey

We really don't like things to be overly complex, and neither do most employees. Our open, transparent approach means we encourage employee participation.

Our customers are able to seek employee input not just annually but throughout the year giving a continual view of shifting mood across the organization.

2. Access Real-Time Analytics

Gone are the lengthy waits for compiled reports; our clients get their analyses in real-time. In addition to statistics and averages, it is possible to see the big picture, enabling instant visibility of what is going on and hence identifying specific areas to focus resources to drive engagement forward.

Dashboards and Thymaps enable an at-a-glance view of all factors across your entire organization. Track changes over time to ensure your initiatives are generating positive impact and head off any negative shifts or developing trends.

3. Anonymous 2-Way Communications

Say goodbye to broadcast-style messaging and instead reach out to specific employee groups anonymously based on their opinions and views.

Get more information, strike up a dialogue and drive engagement to new levels with our Communicate system.

Date	From	To	Message
8 Jul 2013 3:41	Management	Management	"When are our pay reviews this year?"
21 Feb 2014 16:27	Leadership	Leadership	"Thanks for the reply."
4 Nov 2014 14:07	Communications	Communications	"We'd like more reviewers"

28 Feb 2015 13:22	Management	Management	"When are we due to move to our new office? I don't ..."
4 Jul 2016 16:33	Colony	Colony	"I would like more free coffee"
12 Feb 2016 13:25	Management	Management	"Hi, when are we taking our one review this month? ..."
21 Feb 2016 12:13	Salary	Salary	"Thanked for looking into it."

4. Get Help & Support

Just because we are in the cloud doesn't mean we've lost the personal touch. We are proud to deliver global customer service excellence at all times and will always go that extra mile to ensure you are getting the maximum benefit from your Thymo.

5. Next Steps

We can offer additional on-line or on-site demos of the platform, custom proposals, trials and assistance with project planning. Just let us know what suits you best to enable you to experience the benefits of having your own Thymo first hand.
